

SPEECH Tracy Monica

The Rotary club, Hope Worldwide together with other important donors, my name is Tracy Monica, the exiting Prime Minister of Kids Club Mathare. In Mathare we have about 1666 children who are in Kids Club. It is quite an honour to stand before you and give this speech. It's all by the hand of the Almighty God that we have met today.

First and foremost, I want to thank everybody for coming here this fateful day. The Rotary club through Hope Worldwide have been of great help to the children of Mathare. By providing uniforms, school fees, shoes and books, by so doing you've helped the Orphans and Vulnerable children. You have saved the lives of these children who were just about to be in the bondage of Drug and Substance indulgence.

This is the best gift you ever gave these children who are now in school. Now to the children who are now moving forward to Secondary school, about 200 children who have just done their K.C.P.E exams we are humbly asking for the same help to the Vulnerable children including me. May our wishes reach to you for these few remarks, thank you and may the Lord God bless you.
